Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Be An Angel Fund, Inc. as of August 31, 2015, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

BASIS OF PRESENTATION

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Net Assets Classification

Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization represent the difference between assets and liabilities and changes therein are classified and reported as follows:

Unrestricted net assets – Include those assets over which the Board of Directors has discretionary control in carrying out the operations of the Organization.

Temporarily restricted net assets – Net assets subject to donor-imposed restrictions that will be met either by actions of the Organization and/or the passage of time. When donor-stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets that are subject to donor-imposed restrictions that specify assets are donated to be invested to provide a permanent source of income. There were no permanently restricted assets as of August 31, 2015.

During the reporting period, the Organization had only unrestricted and temporarily restricted net assets. Temporarily restricted net assets as of August 31, 2015, relate to contributions for which the funds have not yet been spent for the purpose designated by the donor.

Budgetary Control

The Organization has established its fiscal year as the twelve-month period beginning September 1. The Organization's Executive Director and Board of Directors estimate expenditures for the ensuing fiscal year after which the Board of Directors Treasurer submits a budget of estimated expenditures and revenues to the entire Board for review and discussion.

Be An Angel Fund, Inc.
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2015

The budget is then authorized by a motion and majority vote of the Board. The Board is authorized to transfer budgeted amounts between line items; however, any revisions that alter the total expenditures of the budget must be approved by the Board. Budgeted amounts are as originally adopted or as amended by the Board.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. Unrestricted contributions, grants, and donor bequests and donor-restricted contributions, grants, and donor bequests to the Organization are recorded as revenue.

Nonreciprocal revenues or contributions are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions or conditions. Expiration of donor-imposed restrictions (i.e., the donor-stipulated purpose has been satisfied) is reported as satisfaction of program restrictions. The Organization reports donations as unrestricted revenue when the donor does not restrict its use as well as when the donor's restrictions are met in the same reporting period.

Support that is restricted by the donor is reported as an increase in temporarily restricted or permanently restricted net assets in the reporting period in which the support is recognized. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

When donor-restricted funds are expended, they are either capitalized or expensed, whichever is applicable. Estimates of completion are based on judgments by management and the donor. Those judgments are based on specific requirements of the donor agreements and the amount of work completed. Revenue which is earned but not billed is reported as accounts receivable on the statement of financial position. Advance payments from donors are classified as deferred revenue and recognized as revenue upon the expenditure of allowable costs or completion of the various stages of the studies.

Cash and Cash Equivalents

The Organization considers all cash on hand, demand bank deposits, and highly liquid investments available for current use with an initial maturity of three months or less when purchased to be defined as cash and cash equivalents.

Be An Angel Fund, Inc.
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2015

Custodial Credit Risk

Financial instruments which potentially subject the Organization to credit risk include cash and cash equivalents and pledges receivable. In the case of bank deposits, custodial credit risk is the risk that in the event of a bank failure, the Organization's bank deposits, whose balances exceed the insurance coverage guaranteed by the Federal Deposit Insurance Corporation (FDIC), which was \$250,000 for 2015, may not be returned to it. From time to time during the year, the Organization's cash balances exceeded this FDIC limit. The Organization has not experienced any losses and management believes it is not exposed to any significant custodial credit risk on cash.

Investment

The Organization had an investment in municipal bonds. The bonds were called in December 2014 at the value of the bond, with no gain or loss recognized upon redemption. The cash proceeds were placed in an existing money market account.

Donated Materials and Services

Donated materials and equipment are reflected as contributions in the accompanying statements at their estimated values at date of receipt. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. The Organization recognizes donated services that create or enhance non-financial assets or that require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased, if not provided by donation. The value of other donated services is not reflected in the accompanying financial statements since there is no objective basis available by which to measure the value of such services. However, a substantial number of volunteers, including the Board of Directors, have donated significant amounts of their time in the Organization's efforts.

Functional Expenses

The Organization presents its expenses according to their functional classification on the statement of activities. Functional expenses presented include program services, which encompass expenses related to the fulfillment of the purpose, and mission for which the Organization exists, and supporting services and administration, which include all activities not considered program services. General management and fundraising activities are considered supporting services.

The statement of functional expenses presents the Organization's expenses in further detail, displaying expenses according to both functional classification and account.

For the Year Ended August 31, 2015

Pledges Receivable

Pledges receivable arise in the normal course of business and are stated at the amount the Organization expects to collect from balances outstanding at year-end. It is the policy of management to review the outstanding accounts receivable at year-end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts. Based on the Organization's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization losses on balances outstanding at year-end will be immaterial, and as such, no allowance for doubtful accounts was determined necessary by management at August 31, 2015.

Compensated Absences

Employees of the Organization are entitled to paid vacation, paid sick days and paid personal days off. None of these benefits vest or accrue, and cannot be carried forward if unused at the end of each year. As such, no liability for compensated absences has been established.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and did not conduct unrelated business activities. Therefore, the Organization has made no provision for federal income taxes in the accompanying financial statements.

Fixed Assets and Depreciation

All asset purchases are recorded at cost when purchased. The Organization defines assets with a life of over one year and a cost of over \$500 as fixed assets that are to be capitalized and depreciated. Donated assets are recorded at fair market value on the date acquired. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Depreciation has been calculated based on the asset's estimated useful life for each class of depreciable property using the straight-line method as follows:

Building & improvements	25 years
Other equipment & vehicle	3 - 5 years
Furniture & office equipment	3 - 5 years

Under a SIMPLE IRA plan, employees may choose to make salary reduction contributions and the employer makes matching or nonelective contributions.
